### **11.12.010 Adoption**

There is hereby adopted a Vacant Structure Code for the City of Oak Hill.

(Ord. 5-9-11)

### **11.12.020 Purpose**

The City has determined that vacant buildings may present a fire hazard, may provide temporary occupancy by transients (including drug users and traffickers), may detract from private and/or public efforts to rehabilitate or maintain surrounding buildings, and that the health, safety and welfare of the public is served by the registration of such vacant buildings.

Owners of vacant buildings shall register such vacant buildings with the City, make payment of a fee for the registration thereof, and otherwise conform to these vacant building regulations.

(Ord. 5-9-11)

### **11.12.030 Definitions**

- A. For purposes of this chapter, "vacant building" means a building or other structure that is unoccupied, or unsecured and occupied by one or more unauthorized persons, for an consecutive period of one hundred eighty (180) days or more. Provided, that a new building under construction is not deemed a vacant building; provided, however, that the City Council may, on a case by case basis, upon request by the property owner, exempt a vacant building from registration upon a finding for good cause shown that the person will be unable to occupy the building for a determined period of time. (Ord. 5-9-11)
- B. "Occupied": Any building or structure shall be deemed to be occupied if one or more persons actually conducts a lawful business or resides in all or any part of the building as the licensed business occupant, or as the legal or equitable owner/occupant(s) or tenant(s) on a permanent, non-transient basis, or any combination of the same. For purposes of this section, evidence offered to prove that a building is so occupied may include, but shall not be limited to, the regular receipt of delivery of regular mail through the U.S. Postal Service; proof of continual telephone, electric, gas, heating, water and sewer services; a valid city business license; or the most recent, federal, state, or city income tax statements indicating that the subject property is the official

business or residence address of the person or business claiming occupancy; or proof of bonafide pre-rental inspection.

- C. "Vacant": A building or structure shall be deemed to be vacant if no person or persons actually, currently conducts a lawfully licensed business, or lawfully resides, dwells, or lives in any part of the building as the legal or equitable owner(s) or tenant-occupant(s), or owner- occupant(s), or tenant(s) on a permanent, non-transient basis. A building or structure shall be deemed vacant and subject to the registration and possible penalty provisions provided herein if there is not proof of continual utility service evidencing actual use of electric, gas (i.e., applicable heating sources), water service etc. Continued is meant to be without more than one hundred eighty (180) day interruption in any given three hundred sixty (360) day period. In order for such continual utility service to be considered as being actually in use as described in this section, it must be more than merely registered to the owner for purposes of billing and must be utilized. The person or entity asserting that there has been continued utility service has the burden to produce actually bills evidencing utility service for the relevant period.

For those structures that qualify as a vacant structure and after the adoption of this chapter, the owner thereof shall be required to register the structure with the Building Inspection Office within 30 days after the structure is found to meet the definition of a vacant structure. The registration form shall require information from the registrant deemed

Registration shall be required for all vacant buildings, and shall be required whenever any building has remained vacant for one hundred eighty (180) consecutive days or more. In no instance shall the registration of a vacant building and the payment of registration fees be construed to exonerate the owner, agent or responsible party for compliance with any other Building Code or Housing Code requirement. Each vacant structure constitutes a separate fee. The owner of the vacant property as of the last day of the month when the property has been registered of each calendar year shall be responsible for the payment of the non-refundable registration fee. Said fee shall be billed by the City, and based on the duration of the vacancy as determined by the following scale:

2. The owner obtains all permits and bonds required by the City for demolition.
3. Demolition must be completed and bonds released during the first six months of the current registration year.
4. The owner has made application for a refund.

D. The registration process shall not start anew with the sale of the property except the City Manager may provide a one-time waiver for up to 12 months following the sale of vacant property. At the expiration of the waiver the fee due will be the amount owed by the previous owner and increase according to the above schedule. In cases where the City sells vacant property the registration process and fees will start anew.

- B. Exceptions. This section shall not apply to any building owned by the United States, the State, the City, or any of their respective agencies or political subdivisions.

section, within thirty days after they become due, shall constitute a violation punishable upon conviction thereof by a fine in the amount of not less than one hundred dollars (\$100.00) nor more than five hundred dollars (\$500.00) for each failure or refusal to pay a required vacant building fee, as applicable. In such cases, whenever the minimum fine of one hundred dollars (\$100.00) is imposed, it shall not be subject to suspension or reduction for any reason.

(Ord. 5-9-11; 11-14-11)

### **11.12.080 Non-Payment Of Fees/liens**

- A. Delinquent Registration Fees as a Lien. After the owner is given notice of the amount of the registration fee due, except for those owners that have properly perfected an appeal pursuant to OHMC 11.12.060 Part B,4, and the owner fails to pay the amount due, said amount shall constitute a debt due and owing to the City and the City may commence a civil action to collect such unpaid debt.
- B. "Lien" or "liens" as used in this section shall arise whenever the fees and charges as described in this section are levied or imposed. Before any lien is filed, notice shall be given to the property owner or owner's agent, by certified mail, return receipt requested, that the Municipality will file the lien unless the delinquent fees are paid by a date stated in the notice, which must be no less than thirty days from the date the notice is received by the owner or the owner's agent, which shall be the date of delivery shown on the signed certified mail return receipt card. When service cannot be obtained by certified mail, notice may be given by any other method by which process may be served in civil actions in circuit court.
- C. If an owner fails to pay the registration fee as assessed and the City begins the collection action to enforce its lien, then the Code Enforcement Officer shall post the written notice on the property and send the written notice to the owner(s) by certified and regular mail.
- D. The City may take action to sell the subject property by means of forfeiture and the court ordered enforcement process to collect the debt owed the City. Should the City take the steps necessary to sell the subject property, the City shall do so, subject to all liens and real and personal property taxes that are due. Purchasers of the subject property shall be similarly responsible for registration pursuant to this section in the same manner as the prior owner and must begin the registration process anew if said property remains vacant.

(Ord. 5-9-11)

### **11.12.090 Relation To Other Codes And Laws**

It is to be understood that the intent and purpose of this chapter are separate and distinct from other parts and sections of the Codified Ordinances of the City of Oak Hill and the general laws of the state of West Virginia which may also be applicable. The provisions of this section are applicable to the owners of such vacant buildings as set forth herein and are in addition to and not in lieu of any and all other applicable provisions of this chapter, the Health and Sanitation Code and any other applicable provisions of the City of Oak Hill Municipal Code.

(Ord. 5-9-11)

### **11.12.100 Severability**

The provisions of this OHMC 11.12 are severable. If any part of this OHMC 11.12 is held to be invalid by a court of competent jurisdiction, the remaining provisions of OHMC 11.12 shall remain in full force and effect.

(Ord. 5-9-11)

## **11.12.110 Alternative Method And Process To Enforce Registration**

### A. Purpose and Applicability.

1. The purpose of this section is to provide an alternative method and process to enforce the registration of vacant structures within the City when the property owner cannot be verified or the owner is uncooperative with the vacant structure ordinance.
2. This section shall be in addition to those methods and processes otherwise contained in the Municipal Code of the City of Oak Hill and shall be applied at the discretion of the enforcement official enforcing the provisions of this section.

### B. Timeframe.

1. The timeframe referenced throughout this section is a set amount of time which must lapse prior to further action being pursued against the property and/or owner(s).
2. The set amount of time is to be two calendar weeks, beginning on the date of the most recent action against the property and/or owner(s).

### C. Process to Determine "Absentee" Ownership. The following protocol will be followed by the City to determine the ownership of a property as "absentee." Once "absentee" ownership has been established, the City can therefore enact registration of the property under the Vacant Structure Registration program, levying and applicable fines and fees.

1. The property must be identified as potentially vacant by the City. Property ownership information must be obtained by the City through the Fayette County Assessor's Office.
2. First attempt at contact: A letter along with a Vacant Structure Registration form is mailed to the owner's address on file at the Fayette County Assessor's Office.
3. Receipt of response from owner(s): The owner receives the documentation and responds either by mailing back the completed Vacant Structure Registration form or notifying the City that the structure is not vacant or is being used in a manner that complies with all City regulations without physical occupancy.
4. Final (second) attempt at contact: If the timeframe has lapsed after the first attempt at contact, a "final notice" letter along with the Vacant Structure Registration form is mailed to the owner, emphasizing failure to respond to in the stated timeframe will result in the ownership of the property being deemed "absentee" and the property will be registered as "vacant with absentee ownership" by the City.
5. Class II legal advertisement and physical notice property: If the timeframe has lapsed after the final notice attempt, a Class II legal advertisement will be submitted and a physical notice will be posted on the property. The advertisement and notice will state the property is being registered as "vacant with absentee ownership" by the City unless the owner responds within two weeks from the beginning of the advertisement.
6. "Absentee Ownership" established: If no response has been received from the property owner(s) two weeks after the submission of the Class II legal advertisement, the property is officially classified by the City as "Vacant with absentee ownership."
  - a. The property owner is not exonerated from possible penalties once the property is classified as "vacant with absentee ownership".

### D. Registration of Property as "Vacant with Absentee Ownership". Once classification of the property as "vacant with absentee ownership" is officially established, the property is registered

under the Vacant Structure Registration program and its status reviewed one year from the date of registration, or when the property is no longer vacant, whichever comes first.

1. One year from date of registration: After one year has lapsed, fees are assessed against the property based on the standard renewal fee schedule.
2. Structure no longer vacant: If the structure becomes occupied, any and all fees and fines assessed against the property must be paid in full prior to the property being classified as "not vacant" by the City.
